

Dear distributor

We begin by expressing our gratitude for your collaboration in 2023. We would like to inform you that in 2024, we will not be raising prices across the board; however, the prices of a few specific products will be adjusted. We appreciate your understanding and look forward to maintaining our positive partnership in the coming year.

The earlier additional pressure on deliveries, materials, and energy costs that we observed in 2022 and the beginning of 2023 has fortunately been reduced. Simultaneously, we have optimized our own processes, allowing us to maintain the same prices in 2024 as in 2023, except for a few items whose prices will be adjusted.

The price adjustment for 2024 applies to the following items:

Item No. Description

44510030 Diamond disc Ø40 mm NX
44510260 Filter box NX
44510265 Neutrix WAG40S/SW Filter Cassette
44510390 Case with foam NX
44510270 Table mount NX
44510285 Wall mount NX w/toolholder
44520010 Packing ring for rear plate UT
74491429 Plug Foil Key female

Throughout 2023, we have corrected some errors in our lists regarding tariff numbers, resulting in new numbers for certain items. Therefore, we recommend using the numbers in the 2024 price list moving forward.

[You can download the current price list for 2024 here.](#)

We continue to ensure short delivery times by keeping grinders and spare parts in stock at all times.

If you have any further questions, please feel free to contact us.

Best regards,

Inelco Grinders A/S
Klokkestøbervej 4
